MATT VISSER

Matt Visser is the President of VICTIG Background Screening and has been in the screening industry for 8 years. Matt intimately understands criminal databases, court restrictions and limitations, state and federal regulations, software, and virtually every component within the background screening umbrella.

With a focus on innovative technology he has recently been working on progressive algorithm and statistical models, which are intended to mitigate costs, improve efficiencies, and aid law enforcement personnel.

Matt has a Bachelor's degree in Business from the Huntsman School of Business at Utah State University and an MBA, emphasizing entrepreneurship, from Westminster College.
